

MATCH B4XT brake is 1990 in-lb  
current brake is <800 in-lb

Use 3 existing capless bolts  
Use 3 Socket Head Cap Screws  
to restrain disc against wheel

New Brake Plate is  
Same width as  
current caliper  
base so spacing is  
unchanged

Change from floating  
disc to floating caliper  
by restraining disc  
against wheel
